EXECUTIVE SUMMARY

Veillez noter que la version française de ce rapport est incluse dans l'annexe E. (Please note that a French version of this report is included as Schedule E.)

In 2023, Council directed the Public Service to undertake public engagement on sale and/or lease options for the future use of 219 Provencher and 212 Dumoulin. The two buildings form part of the Carré Civique de Saint-Boniface (Saint-Boniface Civic Square).

A series of stakeholder meetings were conducted in 2023 and 2024. Three community workshops (one in person, two on-line) occurred in 2024. Over 1,000 survey responses were provided to the City.

The majority of participants indicated that 219 Provencher and 212 Dumoulin should remain as City-owned property. Participants also indicated the buildings are (“somewhat” to) “very” important. Respondents preferred the City enter into a long-term lease with a community organization. A summary of the engagement is attached in Schedule B. Potential uses for the buildings ranged from public services to commerce.

The Carré Civique holds significant value to the City and Province. It is recommended that the surplus declaration for the entire City Owned Property identified in Schedule A be rescinded.

As for the future of the site, it is recommended that a community organization operate as the property manager. A property manager will be able to balance financial and community needs while respecting culture and heritage. Oversight of the property manager will be provided by the proposed Carré Civique de Saint-Boniface Board. The Board will include local Councillors, the Société de la Francophone Manitoibaine nominees, and a public servant (non-voting). The mandate of the Board will be to provide guidance on land use.

A Request for Proposals will be issued to select a property manager should the recommendations of this report be approved.

RECOMMENDATIONS

1. That the declaration of surplus for the City-owned property located at 219 and 233 boulevard Provencher and 212 rue Dumoulin, approved by Council on October 24, 2007 and identified as “City-owned Property (Carré Civique de Saint-Boniface)” on Misc. Plan 12063/42 (attached as Schedule A), be rescinded.
2. That the Public Engagement Report, attached as Schedule B, be received as information.
3. That the Terms of Reference for the creation of the Carré Civique de Saint-Boniface Board, as set out in Schedule C, be approved.
4. That the proposed Chairperson, Vice-Chairperson and remaining committee members for the Carré Civique de Saint-Boniface Board, attached as Schedule D, be approved.
5. That the Public Service, in consultation with the Carré Civique de Saint-Boniface Board, develop evaluation criteria for a long-term lease of the City-owned Property for approval by the Standing Policy Committee on Property and Development.
6. That the Proper Officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

REASON FOR THE REPORT

On July 13, 2023, Council concurred in the recommendation of the Standing Policy Committee on Property and Development and adopted the following:

1. That the sale approved by the Standing Policy Committee on Property and Development, Heritage and Downtown Development on February 12, 2021, for the City-owned properties located at 219 Provencher Boulevard and 212 Dumoulin Street to Manitoba Possible, identified as “Subject City Property” on Misc. Plan 12063/31 (attached as Schedule A to this report), be rescinded.
2. That the Public Service be directed to undertake public engagement regarding sale and/or lease options for the future use of 219 Provencher Boulevard and 212 Dumoulin Street and report back in 180 days regarding the future use of 219 Provencher Boulevard and 212 Dumoulin Street based on public engagement for sale and/or lease options.

On February 22, 2024, Council concurred in the recommendation of the Standing Policy Committee on Property and Development and granted a 90-day extension of time for the Public Service to report back on public engagement regarding sale and/or lease options for the future use of 219 Provencher Boulevard and 212 Dumoulin Street.

IMPLICATIONS OF THE RECOMMENDATIONS

Rescinding the declaration of surplus ensures that the land and buildings cannot be sold without Council first re-declaring the lands as surplus.

The Public Service will continue to manage the property until such time as an external manager is selected.

There are no financial implications of the recommendations until such time that a business plan is developed by the property manager.

HISTORY/DISCUSSION

The Carré Civique de Saint-Boniface (Saint-Boniface Civic Square) is comprised of 219, 227 and 233 Provencher Boulevard, along with 212 Dumoulin Street. All buildings within the Carré Civique are designated as Historical Building Resources which protects the structures from demolition. Weaving its way through the Carré Civique, is le Jardins des sculptures (sculpture garden) which is a more recent addition to the property and represents/promotes Francophone art and culture.

On October 24, 2007, Council declared the Carré Civique surplus to the City's needs. Marketing of 227 Provencher Boulevard and 212 Dumoulin Street both commenced in 2010.

On October 4, 2011, the Standing Policy Committee on Property and Development approved the sale of 212 Dumoulin Street. The sale of 212 Dumoulin Street could not be concluded with the purchaser and was terminated in 2015.

On December 12, 2012, Council approved the sale of 227 Provencher Boulevard. This building has since been converted into a medical office and is no longer owned by the City.

On November 13, 2019, the Public Service issued RFP 982-2019 to solicit purchase proposals for 219 Provencher Boulevard and 212 Dumoulin Street. The buildings were approved for sale to Manitoba Possible in early 2021 but the purchaser was unable to complete the transaction due in part to complications arising from the COVID pandemic.

On July 13, 2023, Council rescinded the sale to Manitoba Possible and directed the Public Service to undertake public engagement for sale or lease options at 219 Provencher Boulevard and 212 Dumoulin Street.

Public engagement occurred from August 2023 to March 2024. It included five key stakeholder meetings, three community workshops, three stakeholder-led events, a survey with 1,284 responses, and a digital story tool with 41 submissions. All public engagement opportunities were available in French and English and full details can be found in Schedule B.

The overwhelming consensus of participants (French, English, Saint-Boniface residents, non-Saint-Boniface residents) is that 219 Provencher and 212 Dumoulin should remain as City-owned property and that the buildings are (somewhat to) very important. The ownership model preferred by respondents was a long-term lease with a community organization.

The results of the community workshops closely align with the views of the key stakeholders. Having the opportunity to meet with key stakeholders on several occasions, the Public Service was offered greater insight on the importance of the buildings. In addition to a gathering space for Francophones, Carré Civique is a symbolic landmark in Manitoba where art, culture and heritage intersect. It was communicated that the prior attempts to sell the Carré Civique didn't appreciate the importance of the buildings or the impact a sale would have on Manitoba residents.

Entering into a long-term lease with a community organization with oversight from an advisory board as proposed will ensure Francophone involvement in the operation of the buildings. Following the spirit of the engagement, it is recommended that the long-term lease encompass the remaining City-owned portion of the Carré Civique. Full management of the Carré Civique by a community organization will allow the property to be programmed in a cohesive manner.

Although the Public Service is aware of a specific group who is interested in managing the site, issuing a Request for Proposals will allow the Public Service to collaborate with the newly proposed Carré Civique de Saint-Boniface Board. While the proposed Board will not have decision making authority, the Board will provide general guidance regarding the use of the property. The Board would be comprised of local Councillors, the Société de la Francophone Manitobaine nominees, and a public servant (non-voting) and would report to the Standing Policy Committee on Property and Development through the Planning, Property and Development Department. Should the Public Service recommendations be approved, the evaluation criteria for the long-term lease would be reviewed by the Board prior to submission to the Standing Policy Committee on Property and Development. Development of the Request for Proposals evaluation criteria will be informed by discussions and feedback from the key stakeholders.

In order to make the foregoing possible, Council must first rescind the declaration of surplus on 219 and 233 Provencher Boulevard and 212 Dumoulin Street.

Operational and/or capital funding for the Carré Civique is sure to be an item for discussion once the property manager is selected. Until a business plan is developed, it is difficult to speculate the City's level of involvement at this time. The buildings are currently maintained by Municipal Accommodations and expenses charged to the City's commercial rental account.

The Ward Councillor was advised as to the intentions of the Public Service.
